100W solar light

Overview

What is anern 100 watt solar street light?

Anern 100W solar street light is an energy-efficient and eco-friendly lighting solution designed for outdoor use. This 100 watt solar street light harnesses solar energy through high-efficiency photovoltaic panels, converting sunlight into electricity to power its high-lumen LED lights.

Why should you buy a 100W solar flood light?

It is powered by the sun, making it non-polluting and is extra reliable. What's more, this outdoor flood light comes with a premium battery management system aided by motion sensors and the presence of night. Our 100W solar flood light comes with 324 pieces of premium quality LED lamp beads that are effective for dusk-to-dawn lighting operations.

What are solar-powered street lights?

This series of solar-powered solar panel lights use a huge LED module, which increases the quantity of lamp beads for each LED module. Compared to conventional solar street lights, our enlarged solar-powered outdoor street lights can effectively increase the brightness by 10-20%. Mainstream integrated structure design, saving transportation costs.

What is a 100W street light?

Ideal for streets, parking lots, pathways, and public spaces, the 100W street light features a robust design with weather-resistant materials, ensuring durability and long-lasting performance. It typically includes a built-in battery for energy storage, allowing it to provide consistent illumination even during cloudy days or nighttime.
