5kw sunsynk inverter for sale in Bahrain

Overview

What is a sunsynk hybrid inverter?

Sunsynk hybrids have the API to connect to Octopus Agile & Flux to buy electricity at cheap rates and even sell back to the national grid at high rates through SEG payments. The Sunsynk 5kW ECCO hybrid Inverter is the ideal inverter for managing power flow from multiple sources such as solar, main electrical grid and generator.

What is a sunsynk 5kW Ecco hybrid inverter?

The Sunsynk 5kW ECCO hybrid Inverter is the ideal inverter for managing power flow from multiple sources such as solar, main electrical grid and generator. All of the power of the previous Sunsynk model in a smaller package! Start by visiting the Apple App Store, or Google play store and searching "Sunsynk Logger".

How long does a sunsynk battery last?

Adding a Sunsynk battery to your existing inverter will extend the inverter warranty to 10 years. This must be done within 3 months of the original installation for eligibility. If done later than this, the battery will be registered separately at 10 years, and the inverter maintains a 5 year warranty.

How long does a sunsynk inverter last?

If done later than this, the battery will be registered separately at 10 years, and the inverter maintains a 5 year warranty. Installations with Sunsynk products now need to be registered here to gain full activation of the warranty.
