# Abu Dhabi communication tower base station construction project

## Overview

---

What is al Bahr Towers?

The groundbreaking Al Bahr Towers in Abu Dhabi feature the world's largest computerised dynamic facade. The design concept is based on the fusion between bio-inspiration, regional architecture, and performance-based technology.

Why should you choose al Bahr Towers?

We believe in the power of places to shape better lives for the people who use them - and are driven to deliver healthier, safer, and smarter buildings and spaces that are friendlier to the environment. The groundbreaking Al Bahr Towers in Abu Dhabi feature the world's largest computerised dynamic facade.

What are Abu Dhabi's aspirations?

The aspirations of the brief were consistent with a number of other initiatives within Abu Dhabi at that time, namely the recent publication of the Abu Dhabi 2030 Plan, promotion of the Masdar initiative on renewable technology together with the recently published Estidama standard.
