# **Acra Bay New Energy Storage Project**

## Overview

---

What is bay battery energy storage system (BESS)?

The company shared that the Bay Battery Energy Storage System (BESS) project, set in Barangay Bitin, Bay, Laguna, will integrate advanced battery storage technology into APRI's Makban geothermal plant.

Will the energy storage industry thrive in the next stage?

The energy storage industry is going through a critical period of transition from the early commercial stage to development on a large scale. Whether it can thrive in the next stage depends on its economics.

Why is Vistra Energy investing in energy storage?

"Continued investment in energy storage, like our Moss Landing site, allows us to harness and store a substantial and growing amount of power from intermittent renewables and then deliver that electricity when customers need it most," Vistra Energy CEO and President Jim Burke said. 3. Gigafactory Nevada.

Will Vistra build a 600-megawatt battery storage plant in San Luis Obispo?

Vistra, based in Dallas, has notified the California Energy Commission that it is dropping efforts to secure state permits to construct a 600-megawatt battery storage plant in Morro Bay, a coastal town in San Luis Obispo County.
