## Overview

---

What is the solar power market in Algeria?

Hence, the solar power market is expected to dominate and drive the power market during the forecast period. The Algerian power market is moderately fragmented. The major companies include General Electric Company, Eni Spa, Condor Electronics SPA, SOLIWIND Algérie Sarl, Algerian Energy Company, Spa, and Others.

Where are solar panels made in Algeria?

Alongside Zergoun, the manufacturer Laguna Solaire has 200 MW of annual capacity for solar panel production in Algeria. The production plant of Algerian telecommunications and renewable energy company Milltech has a facility in Mila, in the east of the country, with a production capacity of 100 MW for M3-based modules. Manufacturing hub.

How many solar panels does Algeria have?

Algeria already has three solar panel facilities totaling 260 MW of annual solar panel production capacity (about 40 percent of which became operational in 2020). The road ahead Algeria is making notable progress in the development of its renewable energy sector, yet challenges remain.

Will Algeria become a hub for solar glass production?

Offering its companies a low electricity price of about DZD 4.68 (\$0.03)/kWh, Algeria envisions becoming a hub for solar glass production, both for its domestic market and for US manufacturers, to replace Asian markets affected by an import ban on their photovoltaic equipment.
