# **BESS Uninterruptible Power Supply in Myanmar**

## Overview

---

Does Solis have an off-grid battery energy storage system in Myanmar?

Solar tech leader Solis is making waves in Southeast Asia with its new energy solution — an off-grid Battery Energy Storage System (BESS) in Myanmar.

Who is Myanmar power group?

Myanmar Power Group Co., Ltd. - Welcome to MPG. ! Welcome to Myanmar Power Group! Myanmar Power Group Company Limited (MPG) is a Power Solution Provider, especially in Uninterruptible Power Supply (UPS) industry since November 2017.

What is a Bess power purchase agreement?

The system is also designed to reduce grid charging to near zero. Through a Power Purchase Agreement model, BESS supports long-term affordability and sustainability. This enables users to benefit from stable and low-cost electricity over time, setting a new benchmark for green energy access in the country.

What is a Bess Solar System?

According to Solis, BESS is built to deliver efficient electricity from 8 a.m. to 7:30 p.m., even in less-than-ideal conditions. The system has a 450 kilowatt-peak solar capacity and six hybrid inverters — with a total output of 300 kilowatts — that help convert energy into usable electricity. BESS also boasts 668 kilowatt-hours of battery storage.
