Battery pack and custom cells

Overview

What is a custom battery pack?

Engineers design and tailor custom battery packs to meet the specific requirements of a particular device or application. Unlike off-the-shelf batteries, manufacturers build custom packs to exact specifications, considering size, shape, voltage, capacity, and environmental conditions.

Can You custom make a battery pack?

We can custom make a battery pack that meets your necessary specifications.

WHY CHOOSE US?

There is a lot of specificity when it comes to custom battery packs. You need the exact pack that will fit in your device with the exact voltage and capacity with a specific connector, and we have exactly what you need.

Why should I Choose US for a custom battery pack?

WHY CHOOSE US?

There is a lot of specificity when it comes to custom battery packs. You need the exact pack that will fit in your device with the exact voltage and capacity with a specific connector, and we have exactly what you need. We have years of experience in the custom battery pack department, making packs of all kinds.

What types of cells can be produced for my pack?

Robust cylindrical, prismatic, or pouch cells can be produced for your pack. Lithium Werks can provide modules and packs with BMS (Battery Management Systems) to monitor, control and communicate with your devices or configure the modules to accept off-the-shelf BMS products.

Master custom 18650 battery pack design with VADE Battery's engineering guidelines. Learn cell selection, configuration, BMS integration, and quality testing for optimal ...

Custom battery packs are essential for powering diverse devices and applications in today's fast-paced technological world. These tailored solutions drive innovation across ...

CellPac PLUS is our core battery design service, created to provide customers with a design-to-manufacture service of the highest standard.

Custom Battery Design & Engineering Inventus Power specializes in highly engineered custom battery solutions that are designed, tested and ...

Custom Battery Packs With a diverse portfolio of cells in various sizes, temperature ranges, and rate capabilities, our team can design a custom battery pack that meets the unique needs of ...

Custom battery packs for various industries, ranging from simple primary alkaline to highly advanced lithium systems with cloud-based management. Four factories certified for ...

Voltage, capacity, pack configuration and connector housing all differ pack to pack and we can accommodate all combinations and make exactly what you need! All we need is a spec sheet, ...

Voltage, capacity, pack configuration and connector housing all differ pack to pack and we can accommodate all combinations and make exactly what ...

Custom Battery Packs & Modules Custom Solutions with Best-in-Class Components
Lithium Werks plants have been manufacturing cells and modules for over 20 years. We have the ...

Key Components and Technologies in Battery Pack Design Battery Cells and Chemistries
Types of Cells (Lithium-Ion, Nickel-Metal ...

Custom battery packs are essential for powering diverse devices and applications in today's fast-paced technological world. These tailored solutions drive innovation across ...

Custom Battery Design & Engineering Inventus Power specializes in highly engineered custom battery solutions that are designed, tested and manufactured for safety, reliability, and optimal ...

Key Components and Technologies in Battery Pack Design Battery Cells and Chemistries Types of Cells (Lithium-Ion, Nickel-Metal Hydride, etc.) Battery cells form the ...

Imagine having a battery customized to your exact needs? That's exactly what we do. We specialize in custom lithium-ion battery packs, creating your own power solution, even ...

Custom battery packs for various industries, ranging from simple primary alkaline to highly advanced lithium systems with cloud-based ...

Master custom 18650 battery pack design with VADE Battery's engineering guidelines. Learn cell selection, configuration, BMS ...

Custom Battery Packs & Modules Custom Solutions with Best-in-Class Components Lithium Werks plants have been manufacturing cells and ...

CellPac PLUS is our core battery design service, created to provide customers with a design-to-manufacture service of the highest ...
