

Overview

Does Belga solar install solar panels in Belgium?

Belga Solar works with its own installers throughout Belgium. You benefit from a turnkey installation with Belgian solar panels, guaranteed for 25 years, offering optimized performance even in the Belgian climate. Are you a photovoltaic installer?

.

What is the Belgian glass industry federation (FIV)?

Since 1947, the Belgian Glass industry Federation (FIV) has brought together Belgian companies and manufacturers that produce and process glass: flat glass (construction and automotive), hollow glass (bottles, glasses, containers), and special glass types (fibreglass, foam glass, glass wool, solar, and lighting).

Who is Belga solar?

Belga Solar is much more than just a manufacturer of solar panels. Since its creation, the company has established itself as a key player in the Belgian photovoltaic market, combining technological innovation, local production and a strong environmental and social commitment.

Who is AGC Glass Europe?

As the European branch of AGC, a world leader in flat glass, AGC Glass Europe has over 100 sites throughout Europe and around 15,300 employees. Solar systems for use in energy generation, such as photovoltaics (PV) and concentrated solar power (CSP), are a fast-growing market with enormous potential for reducing CO2 emissions.
