# **Best Price for Two-Way Charging of Folding Containers in Ports**

48V 100Ah

## Overview

---

How much does it cost to ship a container?

In general, for full container load shipment, port charges are fixed and won't vary significantly. For example, at Ningbo Port, port charges for a 20-foot GP container are about \$330, and for a 40-foot HQ container, port charges are about \$480. Here the exchange rate is 7 and the export customs declaration fee is \$50.

What are container charges?

Container charges are more specific to the handling and movement of containers within (and beyond) the harbor. Some of the port charges are predictable; others appear out of nowhere. The structure and amount of port charges can vary widely depending on the port location, the type of cargo, and the services required.

What are port charges?

Port charges are a collection of fees levied on cargo ships for using port facilities during their call at a port. Port Charges for cargo ships typically encompass: Berth Fees: Cost for the ship's docking space. Wharfage: Fees for using the wharf for loading or unloading cargo.

What are port charges for cargo ships?

Port Charges for cargo ships typically encompass: Berth Fees: Cost for the ship's docking space. Wharfage: Fees for using the wharf for loading or unloading cargo. Mooring Charges: Costs associated with securing the vessel at the berth. Dockage: Fees are based on the ship's length or time at the dock.
