Black Mountain Energy Investment Energy Storage Power Generation Company

Overview

What is Black Mountain Energy Storage?

Black Mountain Energy Storage is a team of energy experts who develop and operate battery energy storage facilities. We were founded in 2021 to bring reliable energy storage capacity to the electric grid that will enhance system reliability and enable greater reliance on renewable generation.

Who is Black Mountain Energy?

Built on decades of expertise and a commitment to responsible energy development, Black Mountain Energy is an exploration and production company based in Perth, Australia, dedicated to unlocking the country's natural gas resources. Our majority owner is from Black Mountain, is a global leader in energy and natural resource development.

Will recurrent buy Black Mountain Energy Storage?

Today, Recurrent announced the acquisition of two standalone energy storage projects from Black Mountain Energy Storage. The projects, which are in the South Load Zone of the Texas ERCOT market, are each anticipated to store up to 200 MWh of energy.

Who is Black Mountain?

Agile, visionary, and well-funded, Black Mountain is an entrepreneurial community of energy operators that specialize in identifying and capturing high-growth opportunities in the global energy sector. Collectively, we have decades of expertise in sourcing, developing, and operating assets worldwide with a track record of delivering strong returns.
