

Brussels Micro UPS Procurement

Overview

Where can I find public procurement contracts in Brussels?

Brussels Economy and Employment and the other Brussels administrations publish their public procurement contracts on e-Procurement (with regard to orders estimated at more than € 30,000 excluding VAT). Consult online government contracts via e-Notification. (Please refer to the Dutch or French pages for the complete version).

What is ups procurement services?

Launched in 2021, UPS Procurement Services leverages the function's category expertise and relationships to offer discounts to suppliers and customers. In essence, this involves UPS's category teams negotiating special rates with its suppliers that it can offer to other companies it has a relationship with.

How does e-procurement work in Belgium?

In Belgium, public authorities (on a federal, regional or local level) use the e-Procurement platform to publish their public procurement contracts. This platform, which is free to use by public buyers and enterprises, enables public contracts to be published and consulted online, and electronic tenders/applications to be submitted and opened.

Why does ups need a procurement strategy?

To maximise its ability to deliver savings and support strategic decisions across every business unit, procurement needed to manage a much greater proportion of UPS's overall spending.
