## Overview

---

Who makes CANBAT batteries?

Canbat is a Canadian battery company specializing in deep cycle and backup applications. Our line of products include sealed lead-acid (SLA), lithium iron phosphate (LiFePO<sub>4</sub>) and lead-carbon batteries. We also manufacture lithium battery chargers and power converters, primarily used in the RV market.

What kind of batteries are available in Canada?

Canadian battery supplier offering superior sealed lead-acid, lithium iron phosphate and lead carbon batteries. Battery experts specializing in energy solutions are available to help you find the best batteries for your project. State of the art battery equipment is used to manufacture batteries for consistent quality and fast production.

What is a typical battery cabinet?

A typical cabinet integrates batteries, racking and chargers into an indoor (NEMA 1 or IP21) or outdoor (NEMA 3R or IP54) rated enclosure. There are many different options and accessories available, making every system unique and built to your site-specific needs.

How many battery manufacturers are there in Canada?

There are 117 Battery manufacturers in Canada as of October, 2025. The highest number of Battery manufacturers of Canada are in Ontario and Quebec with 32 businesses and 23 businesses, respectively. Ontario makes up approximately 27.4% of all Battery manufacturers in the Canada.
