

Cape Town CRRC Industrial and Commercial Energy Storage Products

Overview

What is CRRC battery energy storage system?

Our battery energy storage system (BESS) product portfolio spans the largest utility scale batteries down to commercial systems. CRRC has installed/signed 48+ GWh (Q2 2025) of grid connected BESS, with #1 ranking in China, #3 globally, Bloomberg Tier 1 and a growing international portfolio.

Who is CRRC?

CRRC has installed/signed 48+ GWh (Q2 2025) of grid connected BESS, with #1 ranking in China, #3 globally, Bloomberg Tier 1 and a growing international portfolio. We design and manufacture the whole industrial supply chain for our BESS products, including IGBTs and sensors, converters, battery packs, battery enclosures, BMS, EMS and substations.

Where are CRRC battery cells sourced?

Battery cells are sourced from trusted partners. Led by CRRC Zhuzhou Institute's Comprehensive Energy Division. Engineered from our rail heritage, for reliability and longevity. Our Australian team of battery and renewable experts, senior electrical engineers and experienced technicians is supported by our skilled colleagues in China.

Products CRRC releases 5 MWh liquid-cooled energy storage system The world's largest rolling stock manufacturer says that its new container storage system uses LFP cells ...

Our battery energy storage system (BESS) product portfolio spans the largest utility scale batteries down to commercial systems. CRRC has installed/signed 48+ GWh (Q2 ...

China-based rolling stock manufacturer CRRC has launched a 5 MWh battery storage system that uses liquid cooling for thermal management. "The use of efficient thermal ...

What types of industrial energy storage equipment are there Explore the essential components of commercial and industrial energy storage systems. Learn about energy

capacity, battery ...

Products CRRC releases 5 MWh liquid-cooled energy storage system The world's largest rolling stock manufacturer says that its new ...

The energy storage outdoor cabinet adopts an integrated design solution This 100KW 215KWH C& I BESS cabinet adopts an integrated design, integrating battery cells, BMS, PCS, fire ...

Who is CRRC new energy? Founded in 2012, CRRC NEW ENERGY is a global supplier of power storage technology products and solutions. CRRC NEW ENERGY has long been committed to ...

Wright Energy Storage Technologies , 649 followers on LinkedIn. Supercapacitor Energy Storage Systems , A revolutionary energy storage hardware and software company offering battery ...

Iteratively upgraded since 2024, the battery and its compatible systems continue to push industry boundaries. The product entered mass production in June 2025 and achieved ...

The system integrates long-life battery, battery management system, thermal management system, active safety management system and intelligent power distribution system and applies ...

China-based rolling stock manufacturer CRRC has launched a 5 MWh battery storage system that uses liquid cooling for thermal ...

ALL PRODUCTS 3.X Liquid cooling energy storage system 5.X Centralized Liquid Cooling Energy Storage System 5.X String-type Liquid Cooling Energy Storage System High Voltage Cascade ...
