

**NKOSITHANDILEB SOLAR**

# **Container solar mobile house**

## Overview

---

Why should you choose a mobile solar container?

The efficient hydraulic system helps quickly prepare the Solar to work. Because of their construction, our containers offer unmatched flexibility and mobility. Great protection for the sensitive solar arrays against storms, vandalism, and all kinds of possible threats. Mobile solar containers application visuals.

Can a mobile solar container run a petroleum company?

Once deployed, runs indefinitely without the need to supply fuel. Petroleum companies often operate in distant locations with limited access to grid power. This is where a mobile solar containers can act as an additional power source to run the equipment.

What is an off-grid container home?

A 640 sq ft off-grid tiny home with inverter options, delivering sustainability and comfort in a compact design. Perfect for reducing utility costs and enjoying peaceful, off-grid living. In 2024, we proudly launched our line of off-grid container homes to promote energy-conscious, independent living.

Who is custom container living?

Founded by Robert Wagoner in 2015, Custom Container Living is dedicated to delivering exceptional, environmentally conscious homes. From solar power integration to innovative water systems, our homes are designed to help you reduce your reliance on external resources and thrive off the grid.
