Overview

Are Aksa generators available in Kazakhstan?

AKSA generators are now available in Kazakhstan. We offer a high-quality product, its delivery, low prices, warranty service, and a post-warranty maintenance. Establishment of Electric Engines Producer by Ali Metin Kazancı.

What is a containerized generator set?

The durable and robust Containerized Series generator sets are ideally suited for independent power producer (IPP), mining, oil and gas, or any project where harsh conditions, challenging environments and the demand for reliable, continuous remote power exist.

Where are Aksa diesel generators made?

The equipment is manufactured in its own facilities in Turkey, and a specialized enterprise in China. AKSA diesel gensets are equipped with the engines of the leading brands: Volvo Penta (Swedish group produces engines for power generator set). AKSA diesel generator can be selected by its price, capacity, and running properties.

What is a containerised generator?

Our Containerised Generators deliver robust, high-capacity power from 300–3,000 kVA in secure, weather-resistant enclosures. Designed for challenging environments and critical applications, they offer noise reduction, easy transport, and bespoke configuration to meet your site's exact needs.
