

**NKOSITHANDILEB SOLAR**

# **Croatia household uninterruptible power supply manufacturer**

## Overview

---

Who is the distributor of electricity in Croatia?

Under the 2004 Energy law, customers in Croatia are allowed to choose their preferred distributor of electricity. However, HEP Operator distribucijskog sustava or HEP-ODS (a Hrvatska elektroprivreda subsidiary) remains the largest distributor to both industry and households.

Why do you need uninterruptible power supplies?

Our uninterruptible power supplies protect critical industries today and our electrical energy conversion systems are shaping a more secure and sustainable future. Our uninterruptible power solutions protect against mains power issues to ensure safe operation, protect people and reduce the risk of downtime and system failures.

What is a Deutz Power supply agreement?

The agreement includes the delivery, engineering, installation, commissioning, and long-term maintenance of approximately 150 high-reliability uninterruptible power supply systems. DEUTZ Spain has chosen AEG Power Solutions to provide power supply and services for the electrolyzer of a new pilot plant to produce hydrogen in Zafra, Spain.

What is a continuous power supply (UPS)?

UPS is the short version of "uninterruptible power supply". In many applications a continuous power supply is important because power fluctuations and outages can cause damage to control equipment as well as unexpected down time. This situation can lead to a loss of productivity and revenue.
