

**NKOSITHANDILEB SOLAR**

# **Discount on 120kW Solar Containers for Marine Use**

## Overview

---

What solar power systems can be used on a ship?

Integrated solar power systems for ships with Aquarius MAS and battery pack. Flexible marine grade solar panels designed for use on ships and other vessels. Solar panel accessories. Maximum Point Power Tracking (MPPT) charge controllers. Marine batteries, battery packs and energy storage solutions.

Can a marine solar system be integrated with a wind power system?

A marine solar power system or array using the Aquarius MAS can also be integrated with wind power devices including EMP's EnergySail technology. EMP can also arrange installation support including design & supply of deck frames for solar panels (if required), project management and on-site installation supervision.

Which solar panels are suitable for marine applications?

The Ultra Battery series is also available and along with the FCP series are approved and certified for marine applications. Marine solar panels are designed to withstand the harsh conditions at sea & are suitable for all vessels ranging from small pleasure craft to ocean-going passenger ferries & cargo ships.

What is Aquarius marine solar power?

An Aquarius Marine Solar Power or Aquarius MAS + Solar package is suitable for new-building ship projects and can also be retrofitted to existing vessels. A marine solar power system or array using the Aquarius MAS can also be integrated with wind power devices including EMP's EnergySail technology.
