Dubai New Energy Battery Storage Box

Overview

How big is the battery market in the Middle East and Africa?

Market forecasts suggest that the Middle East and Africa battery market is projected to grow to \$9.98 billion by 2029, driven by policy support, increasing electrification, and a rise in renewable energy investments.

Why is Middle East energy launching a 49th consecutive year in Dubai?

“The continued organization of Middle East Energy for a 49th consecutive year in Dubai reflects international confidence in the emirate as a strategic centre for conferences and exhibitions, and reinforces its role in leading the global dialogue on energy security and sustainability,” stated Sheikh Ahmed.

Will Dubai make its grid cleaner by 2030?

During the inaugural sessions of the Leadership Summit, a keynote speech by Saeed Mohammed Al Tayer, vice chairman of the Dubai Supreme Council of Energy, outlined the UAE’s ambitious plans to make its grid one of the cleanest globally by 2030 through substantial renewable mega-projects in both Abu Dhabi and Dubai.
