Dushanbe Power Emergency Energy Storage Company

Overview

What is Dushanbe 2 power station?

Dushanbe-2 power station is the only coal-fired plant in Tajikistan and one of the two thermal power plants, the other one being the gas-fired Dushanbe-1 power station. The construction of the first stage of the Dushanbe-2 CHPP (2 x 50 MW) began in November 2012 after signing of an interstate agreement between Tajikistan and China.

Is Dushanbe 2 a coal-fired power plant in Tajikistan?

Project-level coal details Dushanbe-2 power station is the only coal-fired plant in Tajikistan and one of the two thermal power plants, the other one being the gas-fired Dushanbe-1 power station.

Who is Shanghai Zee energy storage technology?

Shanghai ZOE Energy Storage Technology Co. Ltd., established in 2022, is dedicated to providing global users with safe and efficient energy storage product system solutions. The company is headquartered in Shanghai, with joint venture office in Suzhou, R&D center in Changzhou and a fully automated energy storage production center in Fuzhou.

Who built the Dushanbe 2 CHPP?

The second stage of the Dushanbe-2 CHPP was launched in December 2016. The main contractor of the construction was the Chinese company Tebian Apparatus Stoc Co. (TBEA), which received the rights to a gold mine in the north of the Central Asian country to offset the cost of the investment.
