

NKOSITHANDILEB SOLAR

Energy Company s Single-Phase Financing Solution for Solar Containerized Units

Overview

What is a mobile solar container system?

The mobile solar container system includes solar panels, storage batteries, inverter, mounting brackets, and accessories. Solar panels collect energy from the sun and store it in the battery bank, and the inverter converts it to AC power for use.

What is a containerized power conversion system?

This containerized solution delivers a reliable, cost-effective, plug & play, factory integrated power conversion system platform for utility scale solar and battery energy storage applications. Provides integration for standalone PV, PV + BESS, and PV + BESS + wind configurations.

What is LZY solar storage?

LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere.

Are commercial & non-profit solar projects underserved?

The commercial & non-profit sectors have been vastly underserved; very few financing options, with investors focused on residential & utility scale solar. SCF's answer: PPA & takeout solutions for 100kw+ commercial & non-profit projects, with both rated & unrated energy consumers.
