Factory price 12000w inverter in New-Zealand

Overview

What is a power inverter?

A power inverter is simply a box or unit whose overall size and weight is smaller than a car battery. One end is connected to a DC source, the vehicles battery (usually a hard wired connection) the other has one or multiple 240V power outlets. Inverters have a fuse or built in circuit breaker for protection.

What is a victron & powertrain inverter?

Our Victron & PowerTrain inverter converts battery power (DC) into household electricity (AC). With an Inverter you can run household appliances from your motorhome or caravan house battery. 1000W Pure Sine Wave Inverter. Power Train PT1000WL 250W Pure Sine Wave Inverter. Victron Phoenix VE Direct 250 375W Pure Sine Wave Inverter.

Can a power inverter turn a car into a 240 volt?

Power inverters take your 12 volts (Car) or 24 Volts (Truck) and turn it into 240 Volts. We stock some great brands of power inverters from Projecta, Redarc and Repco. What does a Power Invertor do?

A power inverter is not a generator and it will not store power like a battery.

What are Victron Phoenix Inverters?

Victron Phoenix Inverters are the ultimate choice for reliable, clean power. They are versatile and perform well, making them a favorite among homeowners, adventurers, and professionals. From powering your home during a blackout to keeping your boat's systems running smoothly at sea, they are the ideal solution.
