Factory price 2.4 kw inverter in Canberra

Overview

What is the best inverter generator in Australia?

Discover the secret behind the unmatched success of our top-selling Gentrax 3.5kW Inverter Generator, crowned as the best generator in Australia. The Hyundai HY2000Si 2kVA inverter generator is a compact and efficient portable power solution, built to deliver clean and stable electricity wherever.

What is an inverter generator?

Inverter generators provide clean, quiet power for recreation, work, or emergencies. Inverters can supply you with a pure sine wave power which is as clean as the type you get from the outlets in your home. Inverter generators are the most lightweight and quietest generators available on the market today.

How much power does an inverter generator produce?

When we built our latest inverter generator, we listened to exactly what our customers wanted. Not only is it super-quiet (54-59dBA @ 7m), it only weighs 32 kilos and produces 2400 watts of maximum power. Cleaner, quieter and more powerful, the EF2400iS is the next step forward in generator technology.

Which Cromtech inverter generator is best?

The Cromtech Outback Inverter Generator 2.4 kW is the most compact and lightest model in its class. This model is ideal for Camping, caravanning & RVs due to its compact suitcase shape.
