

**NKOSITHANDILEB SOLAR**

# **France Lyon outdoor power solar container lithium battery factory**

## Overview

---

### Why is France upping lithium production?

After years of deindustrialisation, France is upping lithium production to support battery manufacturing and the green transition. An employee at a lithium plant belonging to French industrial minerals company Imerys, in Echassierres, central France. Credit: OLIVIER CHASSIGNOLE/AFP via Getty Images.

### Who is LZY energy storage?

Founded in 2012 Shanghai LZY Energy Storage Co., Ltd., based in Shanghai, China, is a comprehensive enterprise integrating R&D, production, and sales, specializing in industrial manufacturing and energy storage solutions. LZY container specializes in foldable PV container systems, combining R&D, smart manufacturing, and global sales.

### What is France's largest lithium project?

One of the country's largest lithium projects, EMILI, is being developed by French multinational Imerys. The project in Beauvois, central France, where lithium was first detected in the 1960s, hopes to produce enough lithium per year, over 25 years, to power 700,000 EVs.

### What is LZY solar storage?

LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere.
