

NKOSITHANDILEB SOLAR

French solar module inverter factory

Overview

Where are cefem solar inverters made?

Cefem SOLAR inverters are developed and produced in France in our design office and factory at Saint Michel de Boulogne in Ardèche. As the only French manufacturer of three-phase photovoltaic inverters, Cefem SOLAR guarantees you : A Research & Development department staffed by professionals trained at leading schools and universities.

Are SunPower solar panels made in France?

In its second decade of service, SunPower has consistently strived for innovation, delivering a diverse range of solar panels made in France. These include their signature Maxeon® and Performance series panels, recognized for their top-tier efficiency and robust design.

How many companies are involved in inverter production?

Companies involved in Inverter production, a key component of solar systems. 12 Inverter manufacturers are listed below. List of Inverter manufacturers. A complete list of component companies involved in Inverter production.

Why should you choose a French inverter?

The inverter has acquired all its main and secondary characteristics in France. French manufacturing guarantees you the highest quality standards and procedures, combined with the technological expertise of professionals trained at the world's leading schools and universities.
