High quality power switchgear in Jakarta

Overview

What type of switchgear does Shuanghui power Indonesia manufacture?

Shuanghui Power Indonesia produce switchgear systems, including PHBTM models such as 24kV Gas Insulated Switchgear, 24kV Air Insulated Switchgear, and 24kV Metalclad products.

Why is the switchgear industry important in Indonesia?

The Switchgear industry in Indonesia presents several key considerations for potential stakeholders. Understanding the regulatory environment is crucial, as the government emphasizes compliance with local standards and international norms.

What is a switchgear system?

Our switchgear systems are engineered for superior protection, control, and efficiency in electrical distribution networks. Designed to enhance energy reliability and efficiency, our energy storage solutions ensure stable power supply and grid optimization.

What types of switchgear are available?

The company has extensive experience in supporting electrical business activities by supplying medium voltage circuit equipment/switchgear cabinets, including Fully Gas Insulated Switchgear, Air Insulated Switchgear, and Metalclad types.
