How much does a 20-foot energy storage container for airports cost

Overview

The cost to rent a 20 foot storage container typically ranges from \$119 to \$199 per month as of July 2025, depending on your location and how long you need it. How much does it cost to store a 20ft container?

Store your own 20ft container – \$160 per month
Cars, vans, trailers, boats or light vehicles up to 6 mtrs – \$160 per month
Bus, truck storage, large caravan or boats over 6 mtrs – Price dependant on size.

How much does airport storage cost?

Many airports now started charging you at least \$200 per day of storage, and you've got only one free storage day at the airport. If you don't do your paperwork in advance, you may pay for no reason at least extra \$200 or even more. Once you've done your customs client number, you still have to submit it to NZ customs and other department agencies.

How much does a 40ft container cost?

A 40ft standard container from China to the US West Coast costs \$3,500-\$6,000. Shipping to the East Coast ranges from \$4,500-\$7,500. These rates include base ocean freight and surcharges but not destination charges, customs clearance, or inland transportation. High-demand periods can push rates 30%-50% higher.

How much does shipping container transport cost?

Shipping container transport costs range from \$1,500 to \$15,000 based on size, route, and market conditions. Fuel costs, route distance, container type, and demand affect prices the most. Asia to North America routes cost \$3,000-\$6,000 for a 20ft container. Book in February-March or September-October to save 10-25% of transport cost.
