

**NKOSITHANDILEB SOLAR**

# **Iran Energy Storage Power Station EPC Company**

## Overview

---

What are EPC services?

The company has extended its services in the last few years to include EPC (Engineering, Procurement, and Construction) projects in electricity and power plants as well as metal and mineral industries, oil, gas, and petrochemical industries. These projects include engineering services, equipment supply and installation, and commissioning.

Who is energiran company?

Energiran Company has been established on 1970 as a full-services and multi-disciplined EPC contractor providing services to Iran's Oil, Gas and Petrochemical Industries as well as power plants. Energiran has collaborated in execution of various industrial projects including engineering and design, procurement and construction management.

What makes KPV solar Iran a good investment?

Each of these companies has cultivated its strategies to cater to the unique demands of the market. Companies like KPV Solar Iran also indicate a growing interest in renewable energy solutions, diversifying the energy mix in the region.

Why should you choose energiran for your EPC project?

Combining our keen technical team in ENERGYIRAN, with the expertise of our fabrication facilities in KMC as well as Iranian & foreign trading companies (METROPOL & APCOM), ENERGYIRAN is uniquely positioned to propose optimum solutions to resolve the customers' needs and issues for EPC projects.
