Senheng and Progressture Solar Launch Solar and Battery Energy Storage Systems in East Malaysia. Shell Malaysia is partnering with Progressture Solar to install up to 20 MWp of solar capacity across Shell's retail stations nationwide.

Where in Malaysia is solar battery storage available?

GSL ENERGY has completed many more solar battery storage installations across Malaysia, including for homes, telecom towers, agricultural businesses, and factories in Penang, Selangor, Johor, Sabah, and Sarawak. GSL ENERGY offers cost-effective solar battery bank solutions with international certifications including CE, IEC62619, UN38.3, and more.

Who is solar energy storage solutions Malaysia?

We've been rocking solar energy storage solutions Malaysia since 2008—Penang homes, Johor industries, you name it. We've learned what works in our sunny, humid corner of the world, and we bring that expertise to you. Your home or business isn't cookie-cutter—neither should your storage be.

Why should you choose solar energy storage solutions Malaysia?

That's where solar energy storage solutions Malaysia shine. Batteries store that extra solar juice so you're never caught powerless—think of it like saving leftover nasi lemak for a late-night craving. It's not just convenience; it's freedom, reliability, and a smarter way to use solar. At Litel, we don't just hand you a battery and call it a day.
