# **Leading solar cell component companies**

## Overview

---

Who are the top 20 global photovoltaic module manufacturers?

During the conference, PVBL announced its annual ranking of the top 20 global photovoltaic module manufacturers. In 2024, the global solar module market continued to see the strongest players thrive, with the top four enterprises — JinkoSolar, LONGi, Trina Solar and JA Solar — collectively shipping over 320GW and dominating the industry.

Which solar companies produce scaled solar panels?

Below is more information about the 3 top solar companies for scaled solar panel production. JinkoSolar (Overall Highest Production): JinkoSolar is currently the largest producer of solar panels globally, having shipped over 210 GW of solar modules by the end of 2023.

Which solar companies produce the most solar panels?

Based on their manufacturing capacity and shipments, the three companies that have produced the most solar panels are JinkoSolar, LONGi Green Energy Technology, and Trina Solar. Below is more information about the 3 top solar companies for scaled solar panel production.

Which country produces the most solar panels in the world?

The Asian industry continues to dominate the global ranking of solar panel manufacturers. Chinese companies hold eight of the top ten spots, including the entire podium. Who are the top 10 photovoltaic module producers in the world?

## Leading solar cell component companies

Based on their manufacturing capacity and shipments, the three companies that have produced the most solar panels are JinkoSolar, LONGi Green Energy Technology, and Trina Solar. Below is more information about the 3 top solar companies for scaled solar panel production.

The Asian industry continues to dominate the global ranking of solar panel manufacturers. Chinese companies hold eight of the top ten spots, including the entire podium. Who are the top 10 photovoltaic module producers in the world?

Based on the 2025 market shipment forecast and technology analysis, this report provides an in-depth overview of the world's top 10 photovoltaic module manufacturers to help ...

The company is a leading solar company with R& D facilities in Germany, Korea, China, and Malaysia. Update 2024: Q-Cells is gratified to have been awarded the Top ...

Tongwei Solar shipped 18.7GW of solar panels in the first half of 2024, reflecting its long-

held status as one of the world's largest solar ...

Wood Mackenzie's latest rankings also highlight a growing trend toward full vertical integration among leading solar supply chains. While cell integration is now standard among ...

Tongwei Solar shipped 18.7GW of solar panels in the first half of 2024, reflecting its long-held status as one of the world's largest solar companies. The Sichuan-based ...

5. Tongwei Co., Ltd. Headquartered: Chengdu, Sichuan Province, China Tongwei Co., Ltd. is a major player in both the solar photovoltaics and aquaculture industries. Established in 1992, ...

PVTIME - On 10 June 2025, the PVBL 2025 Global Top 100 Solar Brands rankings and the PVBL 2025 Global Solar Brand Influence Report were ...

What are the biggest solar companies in the world? Hanwha, Trina, and LONGi compared revenue and net income.

The top 10 photovoltaic module producers in 2023 Chinese companies not only swept the podium but also took six additional spots in ...

The solar industry continues to evolve rapidly, driven by technological advances and shifting policy landscapes. As demand for efficient, durable, and cost-effective solar cell ...

Wood Mackenzie's latest rankings also highlight a growing trend toward full vertical integration among leading solar supply chains. ...

PVTIME - On 10 June 2025, the PVBL 2025 Global Top 100 Solar Brands rankings and the

PVBL 2025 Global Solar Brand Influence Report were unveiled at the 10th Century Photovoltaic ...

Check out the top solar panel manufacturers in China, such as JinkosSolar, LONGI, Trina Solar, Astronergy, and more.

Based on the 2025 market shipment forecast and technology analysis, this report provides an in-depth overview of the world's top 10 ...

The top 10 photovoltaic module producers in 2023 Chinese companies not only swept the podium but also took six additional spots in last year's top 10. Leading the pack was ...
