# **Lithium Energy Storage Power Supply Production Plant in Barcelona Spain**

## Overview

---

Will Stellantis build a lithium phosphate battery plant in Spain?

Stellantis and CATL have announced plans to jointly build a 4.1 billion euro (\$4.3 billion) lithium iron phosphate battery plant in Spain.

What is happening in Spain's lithium-ion battery market?

The Spain lithium-ion battery market is entering a new stage of rapid development. The Zaragoza plant of global automotive giant Stellantis is partnering with CATL, the world's largest EV battery manufacturer, to expand electric vehicle production and build a large-scale battery manufacturing facility in Spain.

Will Spain be a leader in Europe's Lithium-ion battery industry?

Although Stellantis has not yet made a final decision, the Spanish government is actively pushing forward the project, aiming to anchor Spain as a strategic leader in the Europe lithium-ion battery industry. A Stellantis spokesperson confirmed that the project remains subject to regulatory approval but welcomed the government's support. 2.

What are the top 10 lithium-ion battery manufacturers in Spain?

Discover the top 10 lithium-ion battery manufacturers in Spain for 2025, including Tritek, Basquevolt, Cegasa, and more. Compare key products, certifications, pros, cons.
