

Lithuanian solar panel manufacturer

*Support photovoltaic input and AC mains input
Suitable for home energy storage and emergency backup power supply*

Overview

Are SoliTek solar panels sustainable?

SoliTek solar panels are the first and only in the world to have the prestigious Cradle to Cradle gold certification, known as the "Oscar" of sustainability. As a manufacturer of renewable products, SoliTek goes even further. It's a net zero PV company, using exclusively 100% renewable energy in its module manufacturing.

Can SoliTek solar modules be installed on a roof?

SoliTek solar modules are so tough that they could be installed not on the roof, but instead of roof (just as roof tiles). Yet, SoliTek doesn't stop here. Their R&D team is always on for new ways to integrate solar energy to improve daily life.

Where are cradle to cradle solar panels made?

Sustainable solar panels, certified by Cradle to Cradle are made in EU, Vilnius Lithuania. We are part of BOD group - green and technologically advanced company
