

Overview

Where can I buy lithium forklift batteries?

You can send an enquiry through the BSLBATT website or purchase lithium forklift batteries through our global network of distributors. BSLBATT has 118 distributors and after-sales service centres in the USA, Europe, South Africa, Mexico, Brazil, Japan, and Australia, providing 24/7 technical support to ensure seamless operation.

Is a forklift lithium battery maintenance free?

Unlike conventional batteries, forklift lithium battery is completely maintenance free. It does not require water refilling, equalisation charging or regular maintenance, thus saving labour and operating costs. How long does it take to charge a forklift lithium battery?

.

Which batteries are compatible with a forklift?

Chargers are highly compatible with major brands (SPE, Fronius, Delta-Q, and more) and support remote monitoring. Equipped with integrated heating and cooling systems, plus automotive-grade materials and nickel-plated busbars, batteries withstand extreme temperatures and harsh conditions to keep forklifts running reliably.

What is bslbatt lithium forklift battery?

No gas emissions or spills, IP65-rated for harsh work environments. BSLBATT lithium forklift batteries fully charge in just 90 minutes, support opportunity charging, and work with all major forklift brands, helping three-shift warehouses eliminate battery swaps, cut downtime, and reduce operational costs by up to 50%.
