

**NKOSITHANDILEB SOLAR**

# Malaysia Monomer Supercapacitor Manufacturer

Voltage range: 691.2-947.2V

>6000 cycles (100%DOD)

Rated battery capacity:  
216KWH (customizable)

EMS communication:  
4G/CAN/RS485

## Overview

---

Who is a film capacitor manufacturer?

Camel Component is one of the recognized leader in film capacitor design and manufacture. Our innovative capacitor design capability offers the flexibility to meet your most demanding film capacitor requirement.

What are the different types of supercapacitors?

Supercapacitors: 657 Products Found We offer a selection of electric double-layer capacitors (EDLCs), lithium ion capacitors, and miscellaneous types. A supercapacitor is a double-layer capacitor that has very high capacitance but low voltage limits. Supercapacitors store more energy than electrolytic capacitors and they are rated in farads (F).

Who is maxcap electronics?

Maxcap Electronics developed from humble beginnings. Since then, we have grown from strength to strength - increasing our production lines from four to 22, and continuously enjoying a steady growth in our annual sales turnover. Our products go through strict and extensive quality control scrutiny.

Who is Elco power capacitor manufacturer?

Started as Manufacturer of AC Power Capacitor utilizing kraft paper and oil impregnation technology. ELCO is currently the only aluminium-cased cylindrical 3-phase Low Voltage Power Capacitor Manufacturer in Malaysia with more than 50% market share in the power factor correction segment with systems sales as well as devices.
