

Marseille lead-acid battery cabinet

Overview

What is a VRLA battery cabinet?

They are designed to accommodate standard Valve Regulated Lead Acid (VRLA) batteries with a capacity range of 24Ah to 105Ah (C10). The battery cabinets are available in five different mechanical dimensions.

What is a battery cabinet / rack?

EverExceed designs customized battery cabinets / racks for individual batteries. The cabinet or racking system can be specified to accommodate any battery cell. From flooded to sealed, from lead acid to nickel cadmium and from vertical to horizontal all kinds of battery cabinet / rack can be designed flexibly to save the space in battery room.

Does Legrand offer a universal battery cabinet?

from 10kVA up to 800kVA power range. Legrand offers universal battery cabinets for all three-phase Legrand Uninterruptible Power Supply (UPS) models ranging from 10kVA to 800kVA power output. They are designed to accommodate standard Valve Regulated Lead Acid (VRLA) batteries with a capacity range of 24Ah to 105Ah (C10).

Which accumulator batteries are included in the cabinets covered by the technical specification?

The cabinets covered by the technical specification have been designed to contain the hermetic lead-acid electric accumulator batteries.
