

**NKOSITHANDILEB SOLAR**

# **New Zealand Customized solar container lithium battery Pack**

## Overview

---

What is a Sok 20 kWh battery kit?

The SOK 20 kWh Lithium Battery Kit is a high quality lithium iron phosphate solar energy storage battery system designed for houses, off-grid, motorhomes and industrial applications. 1 x high quality 5 slot metal battery rack. 3 sets of 70mm<sup>2</sup> pure copper battery interconnection cables. 2 x 100mm<sup>2</sup> pure copper battery to inverter cables.

Who is project lithium?

At Project Lithium we are dedicated to making high quality lithium battery packs for an affordable price all while being local to New Zealand. We also do battery repacks to give your old batteries a new life. Find most supplies needed to build, repair, or maintain batteries or electronic projects.

What is the warranty on a lithium iron phosphate battery?

IEC, UN38.3, MSDS tested. 10 years warranty. All cells are guaranteed Grade A level. Maximally 16 batteries parallel connected to 80kwh power. Home Energy Storage Lithium Iron Phosphate Battery Pack Intelligent management Equipped with intelligent BMS for each battery pack to manage modules effectively.

What is a Sok 48V lithium battery kit?

The SOK 48v LiFePO<sub>4</sub> Lithium Battery Kit is a scalable deep cycle house battery system that is suitable for smaller solar systems such as tiny houses and buses right through to larger scale installations such as houses and industrial applications.
