

NKOSITHANDILEB SOLAR

Off-solar container grid inverter manufacturers in Lagos Nigeria

SMART GRID & HOME

Overview

What is an off-grid solar inverter?

An off-grid solar inverter is also called a stand-alone inverter or a solar battery inverter. It connects to a battery bank where the excess solar energy from the solar panels is stored. When there is no sunlight or during power outages, the off-grid solar inverter uses the battery bank to provide power to the house.

Who is SMK solar technology Nigeria?

SMK Solar Technology Nigeria is a leading provider of solar energy solutions in Lagos, Nigeria. Since 2016, we have been helping homes and businesses of all sizes across Nigeria reduce their energy costs and environmental impact.

What is the best solar panel technology in Nigeria?

We bring Lagos and all of Nigeria the best solar panel technology in the world. Our top-of-the-line solar panels are designed to capture every ray of sunlight, maximizing your energy harvest. Choose from a range of wattages to perfectly suit your needs, backed by a powerful 25-year warranty for peace of mind.

Why do we manufacture solar inverters?

Home inverters, solar inverters, solar panels, lithium battery packs, and solar energy storage systems. Because we manufacture all components of solar systems, we have an advantage in terms of cost control and quality control. F1590A, Industrial Section, Alaba International Market, Ojo, Lagos State, Nigeria.
