Overview

Do portable power stations make camping better?

A good portable power station makes camping better. These devices power lights, phones, and small appliances when you're outdoors. We spent three months testing power stations to find the best portable power stations for camping. We tested 30 portable power stations over 12 camping trips.

Which solar power station is best for camping?

BLUETTI AC180 Solar Portable Power Station The BLUETTI AC180 delivers reliable power for camping trips, outdoor adventures, and backup during power outages. We found its practical design and efficient battery perfect for campers who need serious power in a compact package.

What is a Yeti 500X portable power station?

The Yeti 500X Portable Power Station is professionally manufactured to offer 20% more power in a 20% lighter and smaller shell than its previous siblings. It's perfect for powering different devices/appliances. The biggest selling point is you can charge it from the sun while in the wildness for unlimited power.

Who is Outdoor Life?

Learn more about [Outdoorlife.com](https://www.outdoorlife.com) Editorial Standards Since 1898, OL has been a leading authority in testing and reviewing hunting gear, fishing tackle, guns and shooting equipment, and much more. We have more than a century-long history of evaluating products, and we're now bringing that expertise to online reviews.

Best For Mini Refrigerator: Portable Power Station RAVPower
Best For Medium-Sized Power Needs: Baldr Portable Power Station 330W
The WAWUI Portable Power Station is the most suitable for camping. It is easy to carry, portable thanks to the handle, and importantly, it boasts a replaceable and rechargeable battery solar generator system. The whole weight is pretty light - half the size of the classic worker's lunchbox. It does an excellent job of lighting up a tent and the camp. See more on outdoor gear Junkie
