Quotation for a 40-foot Folding Container

Overview

What is a 40-foot shipping container?

A 40-foot shipping container is a large, standard-sized container used for transporting goods. It measures 40 feet in length and is typically used for international shipping.

What is a 40 ft container used for?

40ft units can be used for commercial, residential, and shipping industry applications. There are a few types of 40-foot shipping containers, but the most common one is the standard dry 40' shipping container. These storage containers are easy to load and unload and can hold products that are dense or have a lot of weight.

How big is a 40 foot container?

They measure 40 feet in length, 8 feet in width, and 8 feet 6 inches in height. These containers are perfect for general storage and transportation of dry goods. Made from durable Corten steel, they provide excellent protection against the elements. Cost Factors: The price of a standard 40 foot container can vary based on its condition.

Where can I buy used 40ft shipping containers?

Buy Used 40ft Shipping Containers at a lower cost for your storage needs at Shipping Container Depot. These high-quality, robust, slightly used containers are perfect for storing bulky objects that wouldn't fit a 20ft shipping container or a 20ft HC container.
