San Diego Outdoor Telecommunications Battery Cabinet System

Overview

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is the best material for a battery cabinet?

Durable Materials: Choose from galvanized steel, stainless steel, or aluminum for superior corrosion resistance and longevity. Robust Ratings: Available in IP55, IP65, NEMA 3R, NEMA 4, and NEMA 4X ratings, perfect for outdoor electrical, telecom, and battery cabinet applications.

Can a base station be built inside OUTD cabinets?

A whole base station can be built inside our OutD cabinets. Our OutD series includes multiple wall structure alternatives for protecting telecom equipment in the best possible way, from a single-layer wall construction with light and cost-effective design to a multilayer construction designed for more demanding conditions.
