Seplos home solar container battery

Overview

What is a Seplos LiFePO4 battery for solar energy storage?

Enhance your home's energy efficiency with Seplos LifePO4 battery for solar energy storage, offering durable, reliable backup power solutions. The PARA is a high-capacity 12V 280Ah LiFePO4 battery designed for safe, long-lasting, and scalable energy storage.

What is a Seplos energy storage system?

Elevate your home's energy efficiency through Seplos high-voltage energy storage system, delivering a resilient and dependable backup power solution. Experience reliable and long-lasting performance with the Seplos 48V energy storage system for the home. For bulk orders, please contact us to receive our most competitive pricing.

Why should you choose Seplos for your home energy storage system?

As a professional battery energy storage company, Seplos has rich experience and expertise in home energy storage solutions, which transform the way people use and manage their electricity. We know how to keep your energy supply more affordable and constant with our home energy storage system.

What batteries are available at Seplos's shop?

Welcome to Seplos's Shop. We boast a wide range of home energy storage batteries from 12V to 51.2V, which are primarily designed for backup power, PV self-consumption, and off-grid solutions for homeowners. Our residential energy storage system is a LifePo4 Lithium battery.
