

NKOSITHANDILEB SOLAR

Solar circuit breaker factory in Sweden

Overview

Who is solarwork?

Solarwork is a dedicated provider of solar energy solutions, specializing in the installation of solar cell systems. They focus on delivering sustainable and cost-effective solar solutions, managing the entire process to help customers reduce energy costs while promoting environmental efficiency.

Where are Sweden's Solar additions coming from?

Southern counties (Skåne, Västra Götaland, Stockholm) delivered roughly 60% of Sweden's 2024 solar additions because irradiation reaches 1,100 kWh per m², about 20% higher than northern averages. They also host the densest transformer capacity, reducing grid reinforcement charges.

Who makes solar modules?

Solar module factory with 120 MW capacity started by REC Solar in 2003. Since September 2016 owned by Renewable Sun Energy Sweden AB. It's one of the most modern and automated module production facility in Europe. Solar Modules produced at SweModule by Renewable Sun Energy Sweden AB are designed for various markets and applications.

What is Svea solar?

The B2B platform for the best purchasing decision. Identify and compare relevant B2B manufacturers, suppliers and retailers. Svea Solar is a prominent solar energy company in Europe, dedicated to providing renewable energy solutions and has completed over 20,000 solar installations.
