# **Southeast Asia Mobile Energy Storage Container with Ultra-Large Capacity**

## Overview

---

On May 7th, 2025, CATL has unveiled the world's first mass-producible 9MWh ultra-large-capacity energy storage system solution, TENER Stack, setting a new industry benchmark with its groundbreaking technology. What is Sembcorp energy storage system (ESS)?

Singapore, Febru- Sembcorp Industries (Sembcorp) and the Energy Market Authority (EMA) today officially opened the Sembcorp Energy Storage System (ESS). The Sembcorp ESS is Southeast Asia's largest ESS and spans across two hectares of land in the Banyan and Sakra region on Jurong Island.

What is accelerating energy storage for Singapore (ESS)?

For instance, the Accelerating Energy Storage for Singapore ("ACCESS") programme promotes use cases and business models with industry partners and other government agencies. The programme also helps to secure space, match demands and solutions, and facilitate regulatory approvals for ESS deployment.

Is Southeast Asia a good place to invest in energy storage?

Image: ACEN. There has been an uptick in energy storage investment in Southeast Asia, a region still largely powered by coal and experiencing high growth in population and energy demand. Andy Colthorpe speaks with companies working to establish a framework of opportunities in the region.

What is 'storage & smart power'?

Every edition includes 'Storage & Smart Power,' a dedicated section contributed by the team at Energy-Storage.news. Uptick in energy storage investment in region still largely powered by coal, experiencing population and energy demand growth.
