Specifications of Lome Outdoor Communication Battery Cabinet

Overview

What is an outdoor battery cabinet with air conditioner?

AZE's outdoor battery cabinets with air conditioners are ideal for applications where your expensive and sensitive network equipment is exposed environmental factors such as dust and water, they are well suited for power equipment, batteries, telecom gear, all integrated into a robust, economical package.

What is the best material for a battery cabinet?

Durable Materials: Choose from galvanized steel, stainless steel, or aluminum for superior corrosion resistance and longevity. Robust Ratings: Available in IP55, IP65, NEMA 3R, NEMA 4, and NEMA 4X ratings, perfect for outdoor electrical, telecom, and battery cabinet applications.

What are outdoor Telecom cabinets?

Our outdoor telecom cabinets are designed to protect your sensitive network equipment from harsh environments where equipment may be exposed to dust or water. For added protection, there is a water and dust proof polyurethane door joint strip.

What is outdoor lead acid battery cabinet?

Outdoor Lead Acid Battery Cabinet mainly provides a stable working temperature and dust-free environment for lead acid battery, they are integrated with thermal insulation and equipped with air conditioner of different refrigerating capacity.
