# Sustainable Outdoor Power

## Overview

---

Who is power sustainable?

Power Sustainable is a wholly owned subsidiary of Power Corporation of Canada · Experience: Power Sustainable · Education: McGill University - Desautels Faculty of Management · Location: Greater Montreal Metropolitan Area · 500+ connections on LinkedIn. View Pierre-Olivier Perras' profile on LinkedIn, a professional community of 1 billion members.

Is Schneider Electric a sustainable company?

Recently recognized as the world's most sustainable company by TIME Magazine, Schneider Electric's new Schneider OffGrid portable power station demonstrates the company's continuing leadership in smart, resilient, sustainable energy solutions to address the changing needs of today's consumer.

Why should you buy a Schneider Offgrid portable power station?

"Whether you are hiking, camping, or need power in an emergency, the Schneider OffGrid portable power station gives you power for your devices, no matter where you are, ensuring life's daily activities and adventures go uninterrupted," said Himamshu Prasad, Senior Vice President of Energy Storage for Schneider Electric.

What makes Schneider Offgrid sustainable?

Sustainable by design: Schneider OffGrid reduces waste and environmental impact by being constructed from 60% post-consumer recycled plastic and shipped in packaging made of paper cardboard and paper pulp, with the box being 100% recyclable.
