Switchgear equipment for sale in Egypt

Overview

Who is egyptelectronics?

EGYelectronics is an Egyptian leading authorized agent & distributor specialist of low voltage switchgear/control gear components and power factor correction equipment.

What GIS devices does Schneider Electric Egypt offer?

At Schneider Electric Egypt, we deal with a variety of primary and secondary GIS, including GMA, GHA, RM6, FBX, CBGS, WI, and many more that suit every application in medium voltage. We offer devices that are rated up to 52KV.

Why should you choose Schneider Electric Egypt?

Schneider Electric Egypt has always been known for its innovation in GIS technology. Our main aim is to offer outstanding reliability, operational safety and environmentally compatible gas-insulated switchgear. Our primary gas-insulated switchgear has high-performance functionality.

What is gas insulated switchgear?

Gas-insulated switchgear (GIS) is metal-enclosed switchgear that consists of high voltage components such as circuit-breakers and disconnectors, which can be safely operated in limited spaces. It is used where the space is limited, like city buildings, on roofs, industrial plants, etc.
