

NKOSITHANDILEB SOLAR

The largest solar panel manufacturer in Tbilisi

LFP 12V 100Ah

Overview

Who makes solar panels in Armenia?

In 2017, Solaron became the first Armenian company to begin mass production of photovoltaic solar panels. For this purpose, we have established long-term partnerships with organizations and research centers in the EU and China. Solaron produces solar panels at its own modern production facilities located in Yerevan.

Who is the largest solar panel manufacturer in the world?

JinkoSolar is the largest solar panel manufacturer in the world. The Shanghai-based company shipped 47.2GWp of solar panels in 2024's first six months, more than any other firm. JinkoSolar has 14 factories in China, Malaysia, Vietnam, and the US, and 57,000 employees, with 1,500 working in the firm's eight research and development centres.

Who makes Solaron solar panels?

Solaron started its solar panel production activities on J, becoming one of the first manufacturers of solar panels in the South Caucasus. The brand "Solaron" is a registered trademark for products manufactured by Profpanel. Our annual production capacity of solar panels is 60 MW.

Who is the best solar panel manufacturer?

The top global solar panel manufacturers, based on how many they ship, include JinkoSolar, JA Solar, Trina Solar, and LONGi. However, the best manufacturer for your solar project will depend more on whether their products suit your budget, needs, and lifestyle.
