# Tokyo Mobile Energy Storage Container 2MW

## Overview

---

Will a 2mw/8mwh battery storage project make trades?

Pictured is one of two 2MW/8MWh projects that are thought to be the first to make trades on that basis, by developer Pacifico Energy. Image: Pacifico Energy. Singapore-headquartered renewable energy company Gurin Energy has revealed plans for a 500MW, 4-hour duration (2,000MWh) battery storage project in Japan.

Are Chinese solar PV & battery manufacturers interested in Japan?

Chinese solar PV and battery manufacturers have also been ramping up their interest in Japan recently, with battery maker CATL this summer ordering a BESS solution from Hitachi Energy for a large-scale project, and PV manufacturer Jinko Solar receiving orders for a handful of megawatt-scale projects a few weeks ago.

Who is supplying 30mwh of battery storage in Nara?

The company signed a Memorandum of Understanding (MoU) to supply 30MWh of battery storage to forestry company Narashinrinsigen Hozenkousya (Nara Forest Resources Conservation Corporation) in the historic region of Nara. Equipment will be supplied beginning next year.
