Which solar inverter should I buy in 2025?

Every solar system needs some kind of inverter to convert sunlight into usable electricity. CNET experts have compared the most popular solar inverters' specs, warranties, prices and more. The SolarEdge Home Wave Inverter is our top pick in 2025.

How to choose a solar inverter?

Look at the DC rating of your solar panels and make sure the inverter can handle it. Think about when you use the most energy. If you use a lot during the day, you might need a bigger inverter. If you want to add more panels later, pick an inverter that can grow with your system. Always match the inverter's voltage and current to your panels.
