# **Tunisia 5GW solar module project**

## Overview

---

How many solar projects are in Tunisia?

Tunisia's Minister of Industry, Mines and Energy, Fatima Al-Thabat Shibb, has approved four solar projects with a combined capacity of 500 MW. France-based Qair International will build a 100 MW facility in the Kasr region of Gafsa province and a 200 MW project in the Al-Khabna region of Sidi Bouzid Governorate.

Is Tunisia ready for a large-scale solar project?

It previously completed a 500 MW solar tender in December 2019. In October 2024, Tunisia launched a new tender for 200 MW of large-scale solar, with submissions due by Jan. 15, 2025. Tunisia's total solar capacity reached 506 MW by the end of 2023, according to the International Renewable Energy Agency (IRENA).

Is Tunisia building a solar plant in 2024?

In September 2024, the country also began building a 50 MW solar plant in Tozeur, a TND 135 million project led by Norway's Scatec and Toyota subsidiary Aeolus. Tunisia has signed contracts for four photovoltaic projects, totaling 500 MW, as part of the initial phase of its 1.7 GW tender.

When will Tunisia get 200 MW of solar?

In October 2024, Tunisia launched a new tender for 200 MW of large-scale solar, with submissions due by Jan. 15, 2025. Tunisia's total solar capacity reached 506 MW by the end of 2023, according to the International Renewable Energy Agency (IRENA). This content is protected by copyright and may not be reused.

## Tunisia 5GW solar module project

The Tunisian Ministry of Industry, Mines and Energy has granted development licenses for four solar PV projects in Tunisia, with a ...

The Tunisian Ministry of Industry, Mines and Energy has granted development licenses for four solar PV projects in Tunisia, with a combined capacity of 500 MW. France's ...

The Tunisian government has granted licenses to four PV projects with a combined

capacity of 500 MW. The selected developers ...

Tunisia has announced the winners of tenders for over 500MW of solar capacity, including Qair International and Voltalia.

By bna Cairo bureau Tunisia is finally accelerating the deployment of its large-scale photovoltaic (PV) sector after years of slow progress, with construction now underway across ...

After years of delays, Tunisia is accelerating deployment of its large-scale photovoltaic (PV) sector. The Ministry of Industry, Mines, and Energy said construction ...

The Ministry of Industry, Mines, and Energy, Tunisia has revealed the outcomes of the initial phase of its 1700 MW renewable energy initiative. Nearly 500 MW of solar capacity ...

Tunisia has signed contracts for four photovoltaic projects, totaling 500 MW, as part of the initial phase of its 1.7 GW tender. Set to ...

Tunisia has announced the winners of tenders for over 500MW of solar capacity, including Qair International and Voltalia.

Image credit: pixabay Tunisia's Minister of Industry, Mines and Energy, Fatima Al-Thabat Shibb, has approved four solar projects with a combined capacity of 500 ...

Tunisia has signed contracts for four photovoltaic projects, totaling 500 MW, as part of the initial phase of its 1.7 GW tender. Set to be operational by 2027, these projects aim to ...

About Tunisia 5GW photovoltaic module project As the photovoltaic (PV) industry

continues to evolve, advancements in Tunisia 5GW photovoltaic module project have become essential for ...

Tunisia previously awarded five photovoltaic solar energy projects with a combined capacity of 500 MW across five governorates: 200 MW in Tataouine, 50 MW in ...

The Tunisian government has granted licenses to four PV projects with a combined capacity of 500 MW. The selected developers are Qair International, Voltalia, ...

Image credit: pixabay Tunisia's Minister of Industry, Mines and Energy, Fatima Al-Thabat Shabb, has approved four solar ...

Tunisia previously awarded five photovoltaic solar energy projects with a combined capacity of 500 MW across five governorates: ...
