# **Ultra-large capacity portable energy storage**

## Overview

---

How many large-capacity energy storage cells are there in China?

This year's exhibition saw participation from over 120 Chinese energy storage companies, which unveiled hundreds of new storage products and solutions. Among them were more than 20 large-capacity cells, covering capacities such as 392Ah, 472Ah, 587Ah, and 684Ah.

Are large-capacity storage cells reshaping the energy storage industry?

As the most significant technological advancement in the energy storage industry, large-capacity storage cells are rapidly reshaping every segment of the energy storage supply chain.

Why are large-capacity storage cells important?

The rationale behind large-capacity storage cells involves two key aspects: on one hand, meeting the trillion-dollar market demand for long-duration energy storage (LDES) with 4-8 hours or even longer storage durations; on the other hand, achieving cost reduction, improving efficiency, and extending cycle life through increased capacity.

How does a 9mwh EV storage system work?

With a single unit storing 9MWh—enough to power 150 EVs or sustain a German household for six years—the system drastically reduces land use. Developers deploying 800MWh storage can cut container numbers by one-third and boost land efficiency by 40%, lowering total construction costs by up to 20%.

On May 7, CATL unveiled TENER Stack, the world's first mass-produced 9MWh ultra-large-capacity energy storage system ...

On May 7th, 2025, CATL has unveiled the world's first mass-producible 9MWh ultra-large-capacity energy storage system solution, TENER Stack, setting a new industry ...

Designed specifically for 4-8 hour long-duration energy storage applications, this product boasts advantages of "ultra-large capacity, ultra-long lifespan, ultra-high safety, and ...

On May 7, CATL unveiled TENER Stack, the world's first mass-produced 9MWh ultra-large-capacity energy storage system solution, at the Battery Energy Storage Exhibition ...

Landmark innovation pairs high capacity with flexible transport, redefining large-scale energy storage MUNICH, /PRNewswire/ -- CATL today unveiled the ...

MUNICH, /PRNewswire/ -- CATL today unveiled the TENER Stack, the world's first 9MWh ultra-large capacity ...

On May 7th, 2025, CATL has unveiled the world's first mass-producible 9MWh ultra-large-capacity energy storage system solution, ...

The world's biggest battery maker unveiled its latest utility-scale battery energy storage product- the Tener Stack - at the Smarter E ...

Contemporary Amperex Technology Co. Limited (CATL) has launched the world's first 9MWh ultra-large capacity energy storage system, the TENER Stack, at the ees Europe ...

Discover CATL's groundbreaking 9MWh TENER Stack energy storage system--engineered for ultra-high capacity, transport flexibility, and advanced safety. Learn ...

Landmark innovation pairs high capacity with flexible transport, redefining large-scale energy storageCATL today unveiled the TENER ...

Landmark innovation pairs high capacity with flexible transport, redefining large-scale energy storageCATL today unveiled the TENER Stack, the world's first 9MWh ultra-large ...

CATL debuts 9MWh TENER Stack, the worlds first ultra-large energy storage system  
bines split-design transport compliance, 5-year zero-degradation cells, 20% cost ...

Discover CATL's groundbreaking 9MWh TENER Stack energy storage system--engineered  
for ultra-high capacity, transport flexibility, ...

Designed specifically for 4-8 hour long-duration energy storage applications, this product  
boasts advantages of "ultra-large ...

MUNICH, /PRNewswire/ -- CATL today unveiled the TENER Stack, the world's first 9MWh  
ultra-large capacity energy storage system solution set for mass ...

The world's biggest battery maker unveiled its latest utility-scale battery energy storage  
product- the Tener Stack - at the Smarter E show. The 9 MWh system supports both ...
